

Behavior Analysts of Texas, LLC

Seeking Position(s): BCBA or BCaBA

Looking for FULL and/or PART time position(s); 1099 contract work is also available and pay is extremely competitive. Annual or contract pay is based on position, experience and is competitive at the national level.

Join a team of highly qualified BCBAs, BCaBAs, SLPs and SLPAs in providing quality based ABA assessment and intervention for children and adults displaying learning difficulties in the San Antonio, Texas metro areas. Our philosophy is based on principles consistent with Applied Behavior Analysis (ABA) and we take pride in our provision of services across environments, provided by a team of formally trained professionals. We enjoy a team approach and the benefits that come along with working in small teams (i.e., professional support, supervision and flexibility of schedules).

Qualifications and Benefits

Education: Applicable degree and certification as a BCBA or BCaBA.

Experience: Will be reviewed during interview process, prefer 1 year of experience providing ABA based intervention but not necessary, a strong willingness to learn is preferred with minimal experience providing ABA based interventions. A strong interest in working with adults struggling with autism, MR/DD and various developmental and/or pervasive delays is preferred.

Requirements: Reliable, Clean Background Check, Insured Transportation and Valid Drivers' License.

Benefits: For FULL time positions (i.e., W-2 employee) benefits include 192 hours (approximately 4.8 weeks) of Paid Time Off (PTO) per year, Health Care covered 100%, 401k options, bi-weekly BONUSES for performing additional hours each pay period. FULL time employees are required to only work 33 billable hours a week, thus options for bonuses are typically plentiful. Conference allowances, flexible schedules and other benefits are available...

Job Description

This position can be performed by a BCBA or BCaBA; performing 1:1 intensive ABA/Verbal Behavior (VB) based intervention provided under the supervision of BCBAs and related supervisory personnel (i.e., SLP supervision), for children and adults exhibiting behavior disorders and/or labeled with Autism Spectrum Disorder with coexisting disorders (i.e., mental retardation).
