

The May Institute is currently accepting resumes for a **Board Certified Behavior Analyst** or **Board Certified Associate Behavior Analyst** to provide fee-for-service consultation to Tricare-insured consumers with developmental disabilities in Fort Hood, TX, for 20-40 hours per week. This is a wonderful business opportunity for established clinicians to expand their services.

Responsibilities:

- Completing functional behavioral assessments
- Completing skill assessments
- Developing and monitoring behavior support plans and individualized treatment plans
- Completing progress reports
- Analyzing data
- Conducting staff and teacher/parent training

Requirements:

- BCBA or BCABA certification
- Bachelor's or Master's degree in Applied Behavior Analysis, Psychology, Special Education, or related field
- Strong analytical skills
- Proven ability to communicate effectively within a variety of situations
- Ability to work independently
- Excellent time management skills
