

Board Certified Behavior Analyst (BCBA) – Part-Time

Cypress, TX

Reliant Healthcare Group

IMPORTANT: This position requires an active BCBA certification issued by the BACB and eligibility for BCBA licensure in Texas. Applicants without BCBA credentials will not be considered.

About the Role

Reliant Healthcare Group is seeking a passionate and experienced Board Certified Behavior Analyst (BCBA) to join our team on a part-time basis. This is a hands-on clinical role delivering high-quality ABA services to children with autism spectrum disorder at our Cypress clinic location. Ideal for a BCBA seeking flexible hours, strong clinical support, and meaningful patient impact.

Key Responsibilities

- Conduct Functional Behavior Assessments (FBAs) and skill assessments
- Develop and oversee individualized ABA treatment plans
- Supervise and mentor Registered Behavior Technicians (RBTs)
- Provide parent and caregiver training
- Monitor client progress and adjust programming as clinically appropriate
- Maintain accurate and timely clinical documentation
- Collaborate with interdisciplinary team members and clinic leadership
- Ensure ethical, compliant, and effective service delivery per BACB standards

Required Qualifications

- Active BCBA certification in good standing (BACB)

- Licensed or eligible for licensure as a Behavior Analyst in Texas (LBA)
- Master's degree in ABA, Psychology, Education, or related field
- Minimum 1 year of experience providing ABA services to pediatric clients
- Experience supervising RBTs preferred
- Strong clinical, communication, and organizational skills

Schedule & Compensation

- Part-time position with flexible scheduling options
- Clinic-based role at our Cypress, TX location
- Competitive hourly or per-session compensation based on experience
- Consistent part-time caseload with strong RBT support

Why Join Reliant?

At Reliant Healthcare Group, we believe exceptional patient care starts with supporting our clinicians. We are building a culture centered on collaboration, clinical integrity, and sustainable growth — where providers feel valued and families receive the high-quality care they deserve.

- Clinician-led organization — your clinical voice matters
- Manageable, sustainable caseloads
- Supportive leadership with focus on quality, not productivity overload
- Strong RBT support structure
- Fast interview process with immediate openings
