Houston, TX 77079

The Registered Behavior Technician (RBT) provides direct one-on-one and group behavioral interventions under the supervision of a BCBA. The RBT is responsible for implementing individualized treatment plans, collecting accurate behavioral data, and supporting clients in developing communication, social, academic, and life skills in home, school, clinic, or community settings.

Key Responsibilities:

- Implement ABA-based treatment plans designed by the supervising BCBA
- Collect and record accurate data on client progress
- Follow established protocols for skill acquisition and behavior reduction programs
- Assist with functional living, communication, and social skills training
- Maintain a positive, supportive environment for clients and families
- Communicate effectively with the BCBA, caregivers, and team members regarding client progress
- Follow BACB ethical guidelines and organizational policies at all times

Qualifications:

- High school diploma or equivalent (required); bachelor's degree in Psychology, Education, or related field (preferred)
- Active RBT certification with the BACB
- Experience working with individuals with autism or developmental disabilities (preferred)
- Strong interpersonal, communication, and time-management skills
- Ability to follow detailed instructions and work independently
- Physical ability to engage in active play and safely assist clients as needed

What We Offer:

- We offer Health, Vision, and Dental Benefits
- Paid time off (PTO)
- Training allowance

Core Competencies:

- Patience, empathy, and adaptability
- Commitment to evidence-based ABA practices
- Professionalism and ethical conduct
- Team-oriented approach with a focus on client success

Job Types: Full-time, Part-time

Work Location: In person - Home based services
